Our Charity Obstacle & Trail Rally consists of a ride with 6 judged obstacles and 3 practice obstacles with chance prize pickups along a trail of several miles. The pace of the trail ride is the choice of the rider group. Horse and rider are measured against a set standard as they negotiate each judged obstacle. Plus, test your horsemanship skills further with an optional Versatility Obstacle Challenge Course! Great fun to watch too! Please bring chairs for comfort while viewing.

Send in your rider registration today... Space is limited to the first 100 entries!
